Policy on Missed Exams and Coursework

Students who miss coursework due to observance of religious practice, documented (by a doctor or health clinic/hospital) health-related issue, or death of a relative or close friend should contact me by email or during my office hours *as soon as possible*. I reserve the right to reject the option to make up work due to any reason not listed above.

Attendance Policy

Attendance will be taken at the start of each class. Absences will be excused for the following, discussed with me in advance: observance of a religious practice, documented (by a doctor or health clinic/hospital) health-related issue, or death of a relative or close friend. More than three cumulative absences without an above listed excuse will affect students' attendance and participation grades. Three unexcused absences are permitted without penalty. However, the fast-paced nature of this course and the use of supplemental materials in class, will make it more difficult for students to do well in this course without being present.

Notification of Changes

The instructor will make every effort to follow the guidelines of this syllabus as listed; however, the instructor reserves the right to amend this document as the need arises. In such instances, the instructor will notify students in class and/or via email and will endeavor to provide reasonable time for students to adjust to any changes.
